News & Highlights 2021

Subject to Change

An exciting new year in Munich is just around the corner:

From science to automobiles to sports, the Bavarian capital will again have a lot to offer in 2021.

Science Congress Center Munich

The opening of the Science Congress Center Munich is planned for 2021. The new congress centre is the central element of „Galileo – Neue Mitte Garching“ and is located right next to the Garching-Forschungszentrum underground station. Designed for a wide range of events, the SCCM has all the technical equipment required. One of its highlights is the new AUDIMAX that can accommodate up to 1,400 guests. Workshops and events can be held in 13 modern function rooms and the light and airy foyer area of 1,600 square metres is ideal for exhibitions, receptions and much more. Guests can stay in a hotel directly on campus or in bed-and-breakfast accommodation. Garching Forschungszentrum (Research Centre) lies in the north of Munich halfway between the airport and the city centre, which can be reached in 25 minutes by underground.

European Football Championship with Four Matches in Munich

After the European Football Championship could not take place in 2020, it will now be held in 2021 from 11 June to 11 July. The Bavarian state capital of Munich is host city for four matches: France vs Germany, Portugal vs Germany, Germany vs Hungary and one quarter-final. The stage for the four matches is the prestigious Allianz Arena. Information about ticket sales will be announced in 2021. Although the European Championship will not take place until next year, it will still be called the UEFA EURO 2020.

IAA 2021 for the First Time in Munich

The IAA, one of the largest and most important international mobility and automotive trade fairs, is to be held in Munich for the first time in 2021. As a tech city with an international reputation, the Bavarian state capital offers many opportunities for the reorientation of the trade fair.

The mobility and technology sector will meet in Munich from September 7 to 12, 2021. The focus will be on holistic mobility with fascinating innovations and the presentation of physical products and digital worlds by established companies and exciting start-ups. The IAA will be held not only on the trade fair grounds, but also at various locations in Munich.

The enthusiasm for the upcoming trade fair is in the air. 90 percent of the Open Space have already been reserved. Due to the high demand and interest, an extra press day has also been added to the IAA Mobility.

Pure Creativity: Opening of the Munich Urban Colab

Munich is a creative project richer. The Munich Urban Colab at the Kreativquartier (creative quarter) near Leonrodplatz is scheduled to open in spring 2021. This will be a new place for networking between start-ups, established companies, talents, creative people and scientists. The aim is to exploit synergies and create innovative solutions for the further development of Munich. The first users, for whom the promotion of creative, technology-oriented young companies is a priority, are due to start moving in in spring. The Munich Urban Colab is a joint project of UnternehmerTUM, the centre for innovation and business creation, and the city of Munich.

Our Favourites

Jochen Schweizer Arena

The Jochen Schweizer Arena in Munich is a place for unforgettable experiences and also the ideal location for meetings, events and leisure. Thanks to the multi-purpose premises, events of all kinds are possible there. The arena, with its 15,000 square metres of floor space, is surrounded by high-quality gastronomy locations and an incomparable range of experiences and offers ideal conditions for special events.

Virtual Gin Tastings

Experience gin virtually: MucTours city explorer Alex from Barguide Munich, together with Tom, operator of the Curtain Call, introduces gin lovers to the world of the popular spirit online. In a 90-minute webinar, the two experts explain the different ways of making gin and talk about what makes a good gin. Of course, the whole thing should also be experienced with all the senses: Five sample gins will be sent in advance to the participants for blind tasting during the webinar.

Virtual City Tours

Virtual journey to the Bavarian capital: Discover the beauty of Munich with online city tours. The tour guides offer all of the city tours virtually and thus provide an entertaining, richly illustrated and interactive time out in Munich. The virtual city tours are a perfect complement to an online meeting or conference. After individual consultation, the ideal guide and topic are quickly found.

Allianz Arena

The prestigious Allianz Arena is one of Munich's landmarks and combines the beauty of modern architecture with fascinating sports - a magical place for great performances and even greater emotions. The special quality to which FC Bayern and its team have committed themselves can be seen from lounges and boxes as well as from the stands of the stadium. Diverse and exclusive facilities on four levels are ideal for workshops, events and presentations. A stadium tour is a perfect way to round off the event.
