

Welcome to Bavaria Filmstadt - Your walking tour through the media world

How do real film professionals work? During your Guided Tour, which takes about 90 minutes throughout the 300 000 square meter Media Campus, your tourguide will help you discover the most exciting aspects of film making. You will see original scenery, for example the U96-setting of the classic „Das Boot“ based on Lothar Günther Buchheim’s novel.

New attractions:

- Munich’s one and only 4D Motion Ride newly presents "Mowgli's Jungle Adventure": 3D images and 3D sound, moving seats and special effects in the audience make it a breathtaking experience
- The magical setting from "The Magic Flute"
- The impressive space station from the science fiction thriller "Stowaway"

Did you know that....

- during our main season we offer one English guided tour plus 4D Motion Ride daily at 1:00 pm
- you can find all information about our group rates here: www.filmstadt.de/en/groups
- we offer audio guides in English and French language
