The architectural concept of the new Airport Lounge World provides a modern, open and bright sense of space in a two-level concept on around 1700m². With a total of 200 seats, the new premium product offers the opportunity to travel comfortably and relaxed and has been specially designed for passengers departing into the non-Schengen area. In addition to variously designed feel-good areas, the spacious buffet and bistro area offers a rich and constantly changing menu. In addition to its own smoking area, the Airport Lounge World also offers shower and prayer rooms and much more. The new offer can be used not only by the invited premium guests of various airlines but also by passengers of all other airlines, regardless of booking class or frequent flyer status. The entrance fee is 49.40 Euro.
