Experience contemporary art in Munich!

Art needs to be seen, to reflect contemporary events and to stimulate questions. We present exhibitions and events to the people of Munich and visitors to Munich, as well as everything worth knowing about galleries in the city. Every September, together with numerous art institutions, we organize Open Art – the Munich Art Weekend. Immerse yourself in the city's vibrant gallery scene!

Pay a visit to one of our nearly 50 galleries spread throughout the city or plan your gallery tour using the location map. Whether you want to be inspired by the works of art, or are looking for competent advice and professional art mediation, we are here for you! Together with our partner institutions, we share a common commitment to artists and to organising exciting art programmes.

The exhibitions at our galleries provide an overview of the current trends in national and international contemporary art, from newcomers to established artists. The exhibitions are open to everyone – collectors as well as those who would like to become collectors or anyone who simply enjoys art.

In September of each year, we organize OPEN ART as a kickoff event for the new art season. Together with many partners, this is how we launch autumn in Munich's art world.
