## Filming in public spaces

**No permission is required for simple photo, film, and sound recordings on public ground** (not public green spaces) as long as all the following requirements are met:

- only footpaths and pedestrian zones are used (pedestrians must be able to move freely at all times)
- only hand cameras, shoulder cameras, at most one camera on a tripod, microphone, boom arms, and small portable lamps as well as reflectors are used
- no additional equipment or structures are used (such as camera drones, cable laying, generators, spotlights, chairs, suitcases, etc.)
- no more than 5 persons (on-site actors and crew) are involved in filming on public ground
- no scenes are shot which pose a risk to public security and order (such as scenes of an extremist or pornographic nature or glorifying violence) or which undermine the public's sense of security (involving the use of weapons, violence, loud screams, threatening situations, etc.)

### **More extensive photo, film, and sound recordings on public ground:**

If the filming requirements exceed the points listed above, an application is to be made to Munich's Servicebüro Film:

Mobilitätsreferat (MOR-GB2.36)  
Implerstraße 9  
Zimmer B1.23 - B1.24  
81371 München  
Tel.: +49 89 233 - 39 777  
Fax: +49 89 233 - 39 889  
Mail: [filmservice.mor@muenchen.de](mailto:filmservice.mor@muenchen.de)  
Postal address:  
MOR-GB 2.36  
80466 München

### **Documents required to process the application form**

- completed application form (available as download)
- precise sketch of the filming location with the exact dimensions and details of residual width

- if road closure is planned: completed declaration of commitment (“Verpflichtungserklärung”, available as download)
- in case of subsequent changes: current filming permit and application form for new locations and times

At least ten working days (from the time the completed application has been submitted to the desired date of filming) are required to process the submitted application (by email, fax, post, or during opening hours).

The processing time is reduced if you already have a permit and subsequently only need to extend or change the time period.

Further information on fees, contact persons and the application form can be found online: <http://www.muenchen.de/mor>.

### **Journalistic reporting**

No permission is required for filming in public areas as part of journalistic reporting, provided that it takes place on the usual scale (EB-Team) with a hand-held or shoulder-mounted camera (with or without tripod) and without any other aids (spotlights, barriers, etc.) and does not cause any obstructions.

Further information can also be obtained from the Press and Information Office (Presse- und Informationsamt)  
Phone: +49 89 233 - 92 600  
Mail: [presseamt@muenchen.de](mailto:presseamt@muenchen.de)

### **Filming for tourism**

You can find information and details on filming and photography permission for tourism purposes here: <http://muenchen.de/mediaguide>.  
Contact person is Mr Geiger at the Department of Labor and Economic Development (mail: [tourismus.mediaservice@muenchen.de](mailto:tourismus.mediaservice@muenchen.de)).

### **Use of (camera) drones**

Special aviation regulations apply to the use of (camera) drones within the City of Munich, in particular:

- the Air Traffic Regulation (Luft-Verkehrsordnung, LuftVO).
- Commission Implementing Regulation (EU) 2019/947 on the rules and procedures for the operation of unmanned aircraft – version dated 06/06/2020

Based on the provisions of the Federal Ministry for Transport and Digital Infrastructure as well as the Luftamt Südbayern (Southern Bavarian Aviation Authority), only very limited use of drones in Munich is permitted.

For general questions on the use of drones please contact the Luftamt Südbayern:  
Telephone: 089 / 2176-2523 or -3016.

Mail: [luftamt@reg-ob.bayern.de](mailto:luftamt@reg-ob.bayern.de)

Further information at: [https://www.regierung.oberbayern.bayern.de/ueber\\_uns/zentralezustaeendigkeiten/luftamt\\_suedbayern/index.html](https://www.regierung.oberbayern.bayern.de/ueber_uns/zentralezustaeendigkeiten/luftamt_suedbayern/index.html)

If you can comply with the conditions set out in the implementing provision and require a take-off and landing area on public ground, please contact the Servicebüro Film (contact details on p. 4).

## Filming in municipal buildings and facilities

Film and television recordings within municipal buildings and facilities also require permission from the relevant authorities. Various municipal service points and departments are responsible depending on the type and category of the desired filming process. The following information aims to give a clear overview of the city authorities relevant to the film industry.

### Department of Public Construction (Baureferat)

## Further information on filming permission

### Use of flashing blue lights

- A written application must be submitted to the Servicebüro Film in the Mobility Department at least three weeks before filming is due to start.
- Permission is only possible in the context of a full or temporary road closure (see “Verkehrsmengenplan” in the “Merkblatt zum Blaulichteinsatz”).
- The use of a siren is, as a rule, forbidden.
- The detailed “Merkblatt zum Blaulichteinsatz” (“Information on the Use of Flashing Blue Lights”), as well as the necessary forms, are available at: <http://www.muenchen.de/dienstleistungsfinder/muenchen/10218369/> or at [www.muenchen.de/](http://www.muenchen.de/) using the search term “Blaulichtaufnahmen”.

### Filming in protected areas

For filming permission in protected areas (e.g. the Isar flood plain: <https://geoportal.muenchen.de/portal/umwelt/>) permission must be obtained from the respective authority for the area as well as from several other authorities. You can find further information on page 16 of this document.

### Noise regulations

When filming at night (20:00 to 07:00) or on Sundays and public holidays please consult the “Merkblatt für Dreharbeiten zur Nachtzeit und an Sonn- und Feiertagen” information sheet on the Department of Health website: <https://www.muenchen.de/rathaus/Stadtverwaltung/Referat-fuer-Gesundheit-und-Umwelt/Laerm/Regelungen.html>

If filming at night (20:00 to 07:00) or on Sundays and public holidays involves the use of equipment or machines which are subject to the “Geräte- und Maschinenlärmschutzverordnung” (“Regulation on Protection against Equipment and Machine Noise”, 32. BImSchV) a special permit must be obtained from the Department of Health or the Department of Climate and Environmental Protection (RKU). Please apply at least ten days in advance.

We offer support in our role as a guide to the various authorities and can, when required, liaise between the film industry and the city authorities.

## Costs

The Mobility Department charges a fee for filming permission in **public spaces**. Further information can be found in the following list of fees:  
<https://www.muenchen.de/rathaus/dms/Home/Stadtverwaltung/Kreisverwaltungsreferat/fachspezifisch/HA-III/Dokumente/Verkehrsanordnungen/Gebuehrenliste-Drehgenehmigungen.pdf>

Depending on the location, rent or a fee must be paid to use **municipal buildings and facilities**. There are no costs for the following types of filming:

- Journalistic reporting
- Filming by students or pupils as part of projects at training institutions
- Filming commissioned by the City of Munich
- Filming which promotes all aspects of Munich as a location for business or, in particular, as a tourist or cultural city to a national or international audience can, in individual cases, be exempt from costs.

This is subject to other legal regulations.

There is also a fee if a special permit must be granted for the use of equipment or machines when filming at night or on Sundays and public holidays in accordance with the “Geräte- und Maschinenlärmschutzverordnung” (32. BImSchV). The costs are based on the duration of work at night or on Sundays and public holidays and how much equipment requiring permission will be used.

## Funding and awards

The City of Munich supports Munich’s film and cinema scene and awards prizes.
